

Our Vision

Prime Time Adult Ministries is designed to celebrate and nurture those who are 50 or older as they continue to grow in their relationship with Jesus Christ.

Our Purpose

Through Prime Time Ministries, ICN is responding to the large and growing group of older adults within the communities we serve. Mature adults are vitally important to our church, and ICN recognizes the tremendous contribution these adults have already made to the church during their lifetimes.

Prime Time Ministries emphasizes the great ministry potential that still resides with this group. Our ministry is not only focused on ministry to mature adults, but ministry through and with them as well.

Our Goal

Our goal is to make sure all Prime Time adults are able to participate in our activities. For all of the Prime Time events, we offer transportation if you need a ride. When our activities involve a cost, financial assistance is also available, if needed.
